## Technical Delegate's Report

The skid wear of car numbers 81 and 04 was checked.

The rearmost skid was measured on both cars according to the team's legality documents submission in accordance with TD039 M, item 1.2 b) i).

The measured thickness was less than 9 mm on both cars, which is the minimum thickness required by TR Article 3.5.9 e).

I am referring this matter to the stewards for their consideration.

**Jo Bauer**

**The FIA Formula One Technical Delegate**
